# Welcome

At St Paul's Way Trust we expect each of our graduates to be fully prepared for the opportunities and the demands of the adult world. During each child's school career we place strong emphasis on six key areas: Communication, Investigation, Networking, Participation, Scholarship and Vision. It is because students learn to excel in these areas that they gain the confidence to become successful global citizens.

Our undergraduate curriculum, which promotes both academic excellence and the development of well-rounded citizens, is the result of very close work with two of our Trustees: Queen Mary University of London and King's College, London. It is precisely because of our unique relationship with these Higher Education institutions, alongside our other University Trust Partners, including Warwick University, University College London, The University of Greenwich and the University of East London, that we are able to provide this exciting, relevant and robust learning experience.

The superb outcomes and the impressive university/career destinations achieved by our students, are testament to the success of our model and our belief that every child can fulfil their potential. Our accomplishments, however, have always been underpinned by the strong partnership forged with our families and the local community.

Our website will give you a broader picture of our school including key information and a sense of what our community stands for:

The University Schools Trust (UST) and our schools provide excellent education, derived from exceptional teaching and learning, for thousands of pupils each year.

UST is a unique partnership of six worldleading universities and five sector-leading bodies who are working together to deliver a shared vision of inclusive, high quality and transformational education delivered by schools which are deeply rooted in the communities they serve.

We take a rigorous approach – educating from nursery to university and beyond – to all aspects of our work. Our teaching practice is effective, our students are academically challenged and we use our resources efficiently. The inspirational staff at UST are our greatest resource, and they are encouraged to innovate, share and continually raise our standards. The UST School of Education, our innovative centre of excellence for school improvement, supports all our teaching and learning.

Our university links enable us to

co-commission and participate in research to stretch our knowledge of what works and why, and our culture of open collaborative partnership encourages staff to share and learn with other education professionals.

By developing a culture of growth and excellence, the School of Education adds value to our greatest resource – our staff.

# **Our School**

St Paul's Way Trust School is the secondary phase of an all-through school with St Paul's Way Foundation School. The school consists of 1,189 students on roll.

The school plays a pivotal role within the local community. The school received 540 1st choice applications for the 2019 intake in year 7, making it the most popular school in the borough for the fifth consecutive year. We have created a culture that is committed to ensuring that students and staff excel. Leaders are relentless in ensuring that students receive the highest quality of provision in terms of curriculum and extracurricular opportunity.

Through the school's extensive network of partnerships through the University Schools Trust and beyond, there is a culture of high expectation of outcome beyond just the classroom and students are offered an extensive range of opportunities to excel. Leaders are ambitious in their vision for the school. They continually set and achieve ambitious targets in terms of student outcomes, attendance, and destinations. In 2017-2018, 98% of students from SPWT Sixth Form went to university. 66% of students went onto study at Russell Group Universities. Ambitious targets have been set for this year's GCSE and A Level outcomes, in keeping with the trend of high performance at both Key Stage 4 and 5 that exceed both local and national averages.

St Paul's Way Trust School provides an inspirational physical learning environment for children and young people, and warmly welcomes the community. Secure access between public and private areas enables pupils and members of the local community to easily access the school's extensive dual use community facilities, which include a theatre and a large public sports provision.

The school benefits from a Science Research Centre; a project managed by Queen Mary University of London (QMUL) and an additional set of outdoor tennis courts that were completed in Autumn 2018, funded by extended grants from London Marathon Trust and the Tennis Foundation.

#### Job description:

## INTRODUCTION

The University Schools Trust (UST) is a unique partnership of six world-leading universities and four sector-leading bodies who are working together to deliver a shared vision of inclusive, high quality and transformational education delivered by schools which are deeply rooted in the communities they serve.

We take a rigorous approach – educating from nursery to university and beyond – to all aspects of our work. Our teaching practice is effective, our students are challenged to achieve their best and we use our resources efficiently. Our values of communication, investigation, participation, networking, scholarship and vision are core to all our work.

As a small, growing and dynamic trust, we are small enough to know and care about the professional development of every single employee. Through our influential trust partners, we have increased the scope of our work and the opportunities available to students and our staff.

## OUR VISION

To provide transformational educational opportunities for children across London, setting the agenda for social mobility and sector-wide change.

## MISSION STATEMENT

Our mission at UST is to improve the outcomes of all our pupils by ensuring we train, recruit and retain the highest calibre of staff across our workforce. Our teaching practice will be research led in partnership with our academic Trust sponsors and the evidence collated will influence local, national and international policy. We will share our best practice with others, extending our success and influence. A critical mass of schools will enable a flexible, school-to-school support structure which will ensure a platform to develop school leaders. Leaders at all levels will provide a systematic succession plan for our schools.

## JOB ROLE
