

FRONTLINE

CHANGING LIVES

Principal Practice Tutor (West Midlands and East Midlands)

JOB PACK

OUR MISSION

Each year, over 700,000 children in England rely on the support of a social worker. These children and their families face some of the worst life chances, but we know that great social work has the power to change this. That's why we recruit and develop outstanding individuals to be social workers and leaders to transform the lives of the most vulnerable children and families.

We recruit and develop outstanding individuals to be social workers and leaders to transform the lives of the most vulnerable children and families. We also develop first line managers through Firstline, our leadership programme for those directly managing practitioners. The Frontline Fellowship is a movement of outstanding individuals who are applying themselves to address social disadvantage in different ways, and who have completed one of our programmes.

We are looking for outstanding people from diverse backgrounds to join our organisation to lead and support the running of these core areas of work to achieve fantastic results for children and families. We want to achieve this whilst striving to achieve a culture of freedom and responsibility. Read on to find out more about this culture and what we are looking for in this role.

FREEDOM AND RESPONSIBILITY: OUR CULTURE

To become an outstanding organisation, we need to both let go of control and expect much more of one another. If we can manage this feat, you will be surrounded by a team who can solve problems, speak with candour, communicate expectations and give one another the space and support to achieve fantastic results for children and families. This is what we call a culture of freedom and responsibility.

How do we make it happen? Freedom without responsibility results in chaos – confusion, frustration, a lack of accountability. Responsibility without freedom breeds a rigid focus on following rules and process, even when professional judgement and creativity would produce better results. It can result in people doing things right without doing the right thing. Because of this, we need to have huge levels of both freedom and responsibility. The most important word is not freedom, nor responsibility, but **and**.

DIVERSITY AND INCLUSION

Frontline is an employer that takes equal opportunity seriously and seeks to walk the talk.

We believe that the strongest performing teams have a lot of difference in them. We are actively seeking to achieve a diverse workforce and to create a workplace that is welcoming for all, regardless of ability, religious belief, sexuality, gender or ethnicity.

Our employees come from a range of backgrounds and with various expertise. We voluntarily complete a gender pay analysis, which demonstrates that our approach to pay and reward is fair irrespective of gender. We are committed to taking an inclusive approach to recruitment.

We use a system called Applied, which helps to remove bias from the selection process by anonymising applications. We ask for a CV but will only use it at the interview stage and not to shortlist. We are proud to have won the Pink News Third Sector Equality Award 2019.

We are committed to ensuring all employees have the relevant knowledge to support this. We design and deliver workshops and training around diversity, inclusion and belonging.

In addition, all of our activity and teaching has a strong focus on anti-discriminatory practice, inclusion and practitioner reflexivity. As a result, our participants reflect on their identity, the lives of the children and families with whom they work and their experiences.
