Welcome

At St Paul's Way Trust we expect each of our graduates to be fully prepared for the opportunities and the demands of the adult world. During each child's school career we place strong emphasis on six key areas: Communication, Investigation, Networking, Participation, Scholarship and Vision. It is because students learn to excel in these areas that they gain the confidence to become successful global citizens.

Our undergraduate curriculum, which promotes both academic excellence and the development of well-rounded citizens, is the result of very close work with two of our Trustees: Queen Mary University of London and King's College, London. It is precisely because of our unique relationship with these Higher Education institutions, alongside our other University Trust Partners, including Warwick University, University College London, The University of Greenwich and the University of East London, that we are able to provide this exciting, relevant and robust learning experience.

The superb outcomes and the impressive university/career destinations achieved by our students, are testament to the success of our model and our belief that every child can fulfil their potential. Our accomplishments, however, have always been underpinned by the strong partnership forged with our families and the local community.

Our website will give you a broader picture of our school including key information and a sense of what our community stands for:

Our School

St Paul's Way Trust School is the secondary phase of an all-through school with St Paul's Way Foundation School. The school consists of 1,189 students on roll.

The school plays a pivotal role within the local community. The school received 540 1st choice applications for the 2019 intake in year 7, making it the most popular school in the borough for the fifth consecutive year. We have created a culture that is committed to ensuring that students and staff excel. Leaders are relentless in ensuring that students receive the highest quality of provision in terms of curriculum and extracurricular opportunity.

Through the school's extensive network of partnerships through the University Schools Trust and beyond, there is a culture of high expectation of outcome beyond just the classroom and students are offered an extensive range of opportunities to excel. Leaders are ambitious in their vision for the school. They continually set and achieve ambitious targets in terms of student outcomes, attendance, and destinations.

In 2017-2018, 98% of students from SPWT Sixth Form went to university. 66% of students went onto study at Russell Group Universities. Ambitious targets have been set for this year's GCSE and A Level outcomes, in keeping with the trend of high performance at both Key Stage 4 and 5 that exceed both local and national averages.

St Paul's Way Trust School provides an inspirational physical learning environment for children and young people, and warmly welcomes the community. Secure access between public and private areas enables pupils and members of the local community to easily access the school's extensive dual use community facilities, which include a theatre and a large public sports provision.

The school benefits from a Science Research Centre; a project managed by Queen Mary University of London (QMUL) and an additional set of outdoor tennis courts that were completed in Autumn 2018, funded by extended grants from London Marathon Trust and the Tennis Foundation.
