- Carry out or commission spot checks, audits, investigations and surveys to test the quality of service delivery.
- To manage related external consultancy contracts.
- Analyse and review complex business processes and systems, recommending changes to working practices and Council policy where appropriate.
- Maintain up-to-date knowledge of relevant Regeneration and housing policy and legislative developments, quality initiatives and good practice. Carry out research into good practice using resources such as Housemark and the Housing Quality Network and undertake benchmarking exercises.
- Analyse and interpret performance information to identify areas for improvement and prepare reports on your research findings for senior managers, councillors and project teams that discuss options for change, targets for improvement.
- Specify performance indicator requirements and work with officers in the Council's Partnership and Performance team to ensure that the statistical data required for performance management and benchmarking is available.
- Design, set up and maintain databases, spreadsheets and other computerised or manual records to enable the Service Improvement Team to carry out its benchmarking and service development functions. *
- Produce detailed and precise specifications for modifications and enhancements to computer systems. Work closely with service managers, programmers and other IT professionals to ensure that requirements are met. **
- Play a key role in the evaluation, design, testing and implementation of major new computer applications, and act as a 'Super User' after system acceptance.

This will involve participation in regular system reviews, recommending amendments and responding to user problems as well as providing local training.

- Use Business Objects report-writing software, and other specialist tools as appropriate, to extract data from the Department's systems and to create management information reports.
- Advise service managers on how to run the reports they need and how to make the best use of them. Encourage good practice in inputting data and maintaining systems so that reports are accurate and meaningful.
- Work with managers and staff to develop and implement new initiatives to improve the performance of housing and regeneration services.
- Design and produce training materials, user manuals and other material required for the successful implementation of new initiatives, and deliver briefings and/or training to managers and front line staff.
- Develop and approve procedure guides and ensure that those parts of the procedure manual for which you are responsible are up to date.
- Arrange and conduct regular performance review meetings with service managers, ensuring that issues are properly addressed, minutes are kept and follow up action is taken.
- Work with the Strategic Involvement Team to involve tenants and residents in key decisions affecting service development.
- Take responsibility for the shared supervision of the work of one or more graduates or temporary staff working in the Service Area, allocating tasks and providing support as necessary.
- Maintain appropriate relationships with other Business Units, Directorates, other authorities, external agencies and customers in order to support the overall aims and objectives of the Council.
- Attend all necessary meetings, including consultative meetings and other office meetings and working parties, representing the Department where appropriate.
- To ensure that Diversity and Equality principles are applied in all areas of work, as required by legislation and council policy.
- To undertake all duties with due regard to Health and Safety legislation.
- Other duties and responsibilities of a similar level to those described above which may be allocated from time to time
